

It's Okay

By Richard Paul

-*- = Stressed Syllables

You change the world around me when you're near
_-*--- _-*--- _-*--- _-*--- _*--
And hide yourself in memories far too dear,
_*- _*- _*- _*- _*-
To echo in the darkness, far too clear,
_ _ _*- _*- _*-
Then wither in the light and disappear.
_*- _* _*- _*- _*-

CHORUS

So let me walk beside you
_ _- _*-

For one more lovely day,
_*- _*- _*-

And let the pigeons do their worst
_ _- _* _*-

And let the traffic be accursed
_ _- _* _*-

And let that be okay.
_ _ _*-

So let me see you happy
*_ _*_ _*-

And let us waste the day,
_ _- _*-

And though the watch beneath my sleeve
_-*--- _-*--- _-*--- _-*---

Reminds me soon you'll have to leave,
_-*--- _*- _*- _*- _*-

For now the world's okay.
_*- _*- _*-

CHORUS END

In my shrinking heart, now seldom do you stay,
_ _- _*- _*- _* _*-

And yet to you the faithless thing still strays
_*- _*_ _*- _*- _*-

Cause you could never truly go away,
* _*- _*_ _* _*-

Love would never quite fall dead, come what may.
_*- _*- _*- _*- _*-

CHORUS

I might never be rid of my regret
_*- _*_ _*_ _*_ _*-

But at the end of all, I'm glad we met.
*_ _*_ _*_ _*- _*-
